

Behavioral Health Division

Senate Bill 5525 (2023) Budget Note Supplemental Report – February 2025

Oregon Health Authority Behavioral Health Residential Facility Investment Update - Supplemental Report (2/26/25)

Report to the Oregon State Legislature in satisfaction of SB 5525 (2023 Regular Session)

As a supplement to the Behavioral Health Residential Facility Investment Report submitted January 29, 2025, OHA has added additional information to better highlight the impact of the funding described in the earlier report and progress towards goals from the OHA Behavioral Health Residential + Facility Study (Residential + Study) completed by PCG in June 2024.

The goal is to clearly show added bed capacity by trauma system area (TSA) as a result of multiple funding streams, as well as additional capacity that will be added once construction is completed.

This supplement uses the same focus and geographic schema as the Residential + Study. As a result, much of the impact demonstrated focuses on licensed residential settings. However, the funds under consideration also purchased non-licensed housing settings such as recovery and supportive housing. OHA does not have specific goals for capacity in those categories, so the information is not presented as progress towards a specific goal but is listed by TSA in appendix B of this supplement.

Trauma Service Areas

The following diagrams illustrate the locations of the TSAs.

Area 1 – Portland / North Coast

Clackamas County; Clatsop County; Columbia County; Multnomah County; Tillamook County (except zip codes 97122, 97149 and 97368); Washington County; and Yamhill County (zip codes 97115, 97119, 97123, 97132, 97140 and 97148 only)

Area 2 – Mid-Willamette Valley / North-Central Coast

Benton County; Lincoln County; Linn County; Polk County; Marion County; Tillamook County (zip codes 97122, 97149 and 97368 only); and Yamhill County (except zip codes 97115, 97119, 97123, 97132, 97140 and 97148)

Area 3 – South Willamette Valley / South-Central Coast

Coos County; Curry County (zip codes 97450, 97465, and 97476 only);
Douglas County; and Lane County;

**Area 5 – Southern Oregon / South Coast**

Curry County (except zip codes 97450, 97465 and 97476); Jackson County;
and Josephine County

**Area 6 – Columbia Gorge**

Gilliam County; Hood River County; Sherman County; and Wasco County
(except zip codes 97001, 97057 and 97761)

**Area 7 – Central Oregon**

Crook County; Deschutes County; Grant County; Harney County; Jefferson
County; Klamath County; Lake County; Wasco County (zip codes 97001,
97057 and 97761 only); and Wheeler County

**Area 9 – Eastern Oregon**

Baker County, Malheur County, Morrow County; Umatilla County; Union
County; and Wallowa County

Behavioral Health Facility Investments

At this point in time, OHA has seen considerable growth in capacity across all licensed facility types. The chart below shows the number of confirmed beds with known and anticipated occupancy dates. The solid line represents beds that have come online through the first quarter of 2025. The dashed line shows expected capacity through the fourth quarter of 2026, based on expected completion dates of funded projects.

Grants distributed to date will result in 538 additional beds across Oregon by December 2026.

This chart shows licensed facilities only (MH Res, Secure Res, SUD Treatment, and Withdrawal Treatment)

To provide more detail, the charts below break each residential facility type into:

- **Baseline capacity:** Number of beds available to the public **before** any grant funding was distributed
- **Added capacity:** Number of added beds **available to use** before 1/28/2025 **because of grant funding**.
- **In development:** Number of beds **not yet available** to the public as of 1/28/2025 but will be available in the future because of grant funding.
- **Progress towards goal:** The total for the first three bullets as a percentage of the final goal capacity based on estimates from the PCG Res+ Study from June 2024.
- **Funds distributed:** Estimated dollars across all funding sources spent on specific facility type.

Much of the development documented in this report was done prior to the Res + study publication. In some cases, this created misalignment in investments, so we have overshoot capacity need for treatment homes and facilities, while undershooting secure facilities. Moving forward the Res+ report and community engagement will focus investments to fill in capacity in documented gaps.

Mental Health Residential Treatment Facilities/Homes

Residential treatment facilities (RTF) and residential treatment homes (RTF and RTH) are two different facility types mainly differentiated in size. RTHs include 1-5 beds, while RTFs include 6-16 beds. Neither are locked facilities. The progress towards the goal clearly demonstrates that the state is close to satisfying capacity needs. I. TSA 3 is the only area requiring additional beds.

Statewide totals:	Baseline	Added capacity	In development	Progress toward goal	Funds distributed
	810	232	283	117%	\$89.9 million

Secure Residential Treatment Facilities

Secure Residential Facilities (SRTF) are locked facilities with up to 16 beds with more intensive service requirements than RTFs and RTHs. OHA is further away from its goal for this facility type and the demand is increasing enough that the goal may need to be revised.

Statewide totals:	Baseline	Added capacity	In development	Progress toward goal	Funds distributed
	510	51	58	94%	\$24.9 million

Substance Use Disorder Treatment Facilities

Substance use disorder (SUD) treatment facilities show the greatest amount of need across the state, however some of the funds will bring additional facilities online in TSA 1 and 5. No other facilities have been added or are in development at this time.

Statewide totals:	Baseline	Added capacity	In development	Progress toward goal	Funds distributed
	1,374	0	144	40%	\$26.8 million

Withdrawal Treatment Facilities

Similar to SUD treatment facilities, the state is in great need of withdrawal management facilities. To this point no additional beds have been added, however 36 are in development.

Statewide totals:	Baseline	Added capacity	In development	Progress toward goal	Funds distributed
	301	0	36	38%	\$5.0 million

Summary of Progress toward meeting goals, by Area

Progress is measured as baseline + current facilities + in development

Area 1 – Portland Metro and North Coast

Area 2 – North Willamette Valley and North Coast

Area 3 – Central Willamette Valley and Central Coast

Area 5 – South Willamette Valley and South Coast

Area 6 – Columbia Gorge

Area 7 – Central and South-Central Oregon

Area 9 – Eastern Oregon

Projected Facilities per 1,000 residents

Projected facilities (baseline, added capacity, and in-development) per 1,000 residents

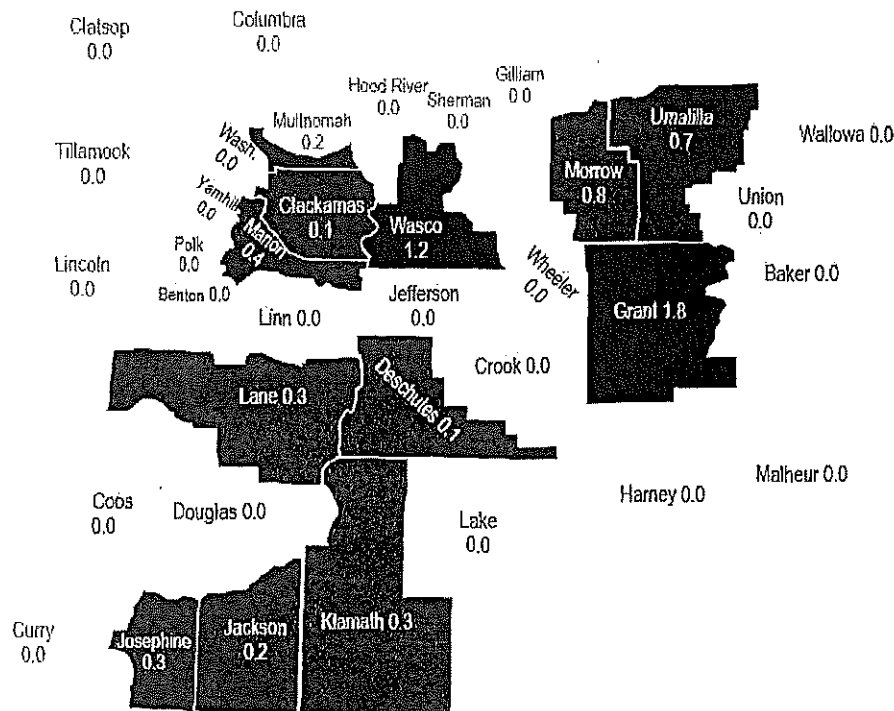

Mental Health Residential

0.0 0.1-0.9 1.0-1.9 2.0-2.9 3.0-3.9 4.0-4.9

Secure Residential

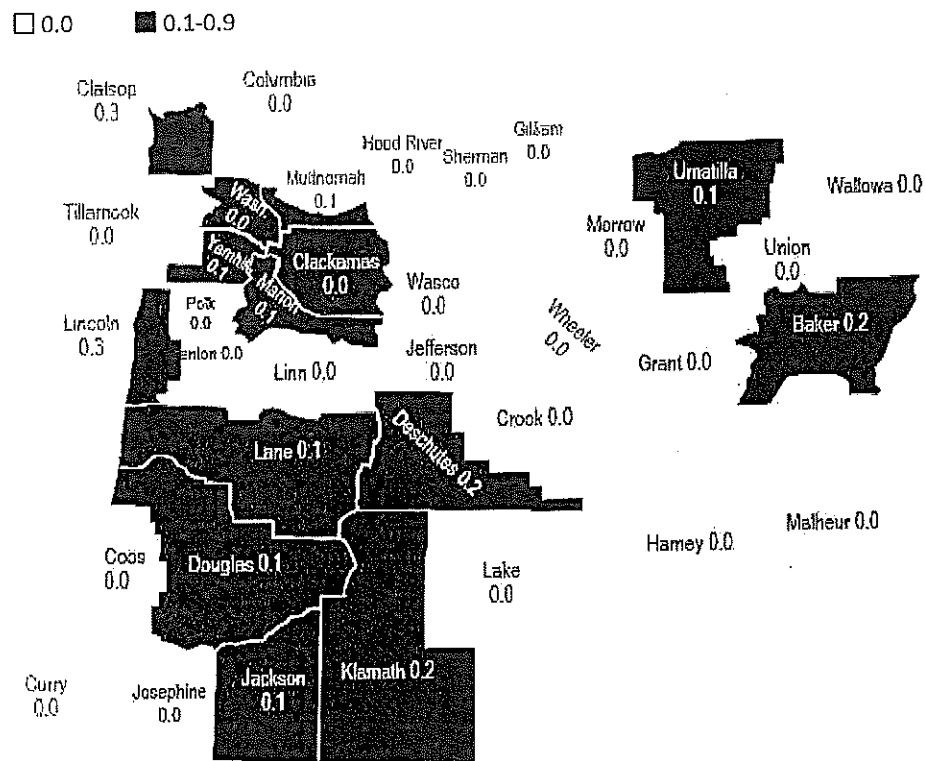

0.0 0.1-0.9 1.0-1.9

SUD Residential

Withdrawal Management

Appendix A: County Tables

The following pages show baseline, added capacity, and facilities in development by county. The tables also show baseline and projected rates, which are rates per 1,000 residents. "Projected rate" is based on 1) added capacity and 2) facilities in development as of 1/28/2025. This provides details of the data shown in the supplement.

Counties are grouped by Treatment Service Areas (TSAs). **Totals may differ slightly from TSA totals shown in the bar charts earlier in this report** because TSAs are based on ZIP code and do not always follow county boundaries.

Mental Health Residential Facilities, by County
